

P.J.M INDUSTRIAL (Australia)

Master Pin Pusher

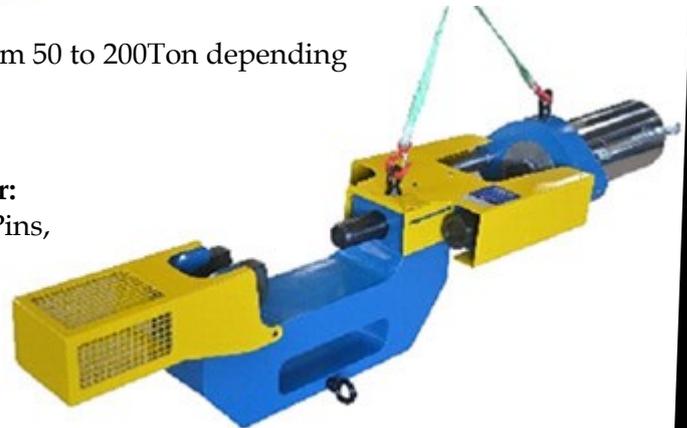

HEMS portable track presses or 'Master Pin Pusher' series HEPP, make it possible to disassemble and reassemble chain sections, driving wheels, pulleys, rollers, gears, bearings and shafts all in the field or workshop.

HEMS offer various size portable press options from 50 to 200Ton depending on the make/model of the tracks and applications.

Advantages of having a HEMS Master Pin Pusher:

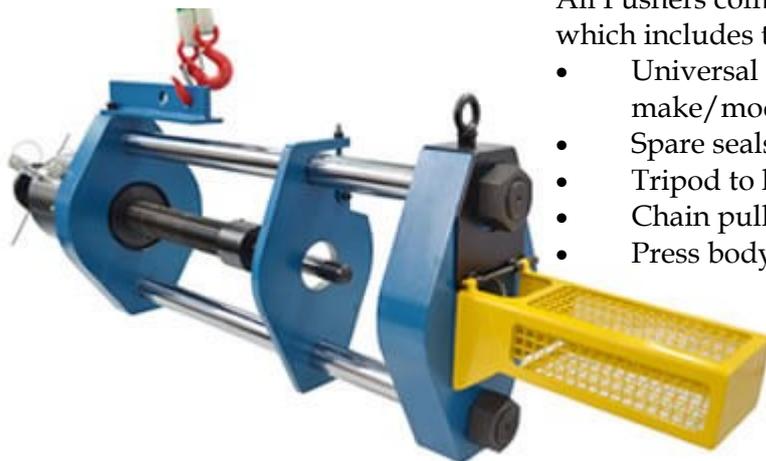

- Safe and effective removal/installation of Track Pins, Master Pins, Bushings and Master Bushings
- Reduction in labour hours
- Cost effective
- Eliminates old dangerous methods

Available with either manual handpump or electric pump operation.

All Pushers come complete with a standard accessories kit which includes the following:

- Universal pin tooling set to cover relevant make/models of tracks
- Spare seals kits
- Tripod to hold press whilst operating
- Chain pulley
- Press body, safety guard, 20T flat jack
